Terri/Diane and Larisa/Phil/Jon – can you please help us write a statement we can use explain the sample results from the surface water sampling.

Larisa/Jon/Phil – Can you let us know when the sample results will be available?

Subject: Surface Water Quality -- Sampling

Please provide Mike and I the verbage to use when we are asked what contaminants are in the flood waters, it is safe for residents / responders, and when is EPA/TCEQ going to start sampling the flood waters.

We want to be consistent with the message from the REOC.

With Regards, Steve
